Maximizer CRM Live

In today's competitive marketplace, businesses require technology that is flexible enough to meet their changing needs, while adding value in a cost-effective manner. Cloud-based offerings do just that by delivering feature-rich business tools to users while removing the need to manage and maintain complex hardware infrastructure and an in-house IT team and support systems.

Using your web browser, Maximizer CRM Live is a powerful business productivity solution that is easy to deploy, use and maintain. There are no unique server requirements for using Maximizer CRM Live, rather customers pay a monthly fee for each unique user.

The workstation requirements and supported mobile browsers are listed below.
